

2015 BLUEACCESS

ENJOY EASY ACCESS TO THE MOST HEALTH CARE PROVIDERS

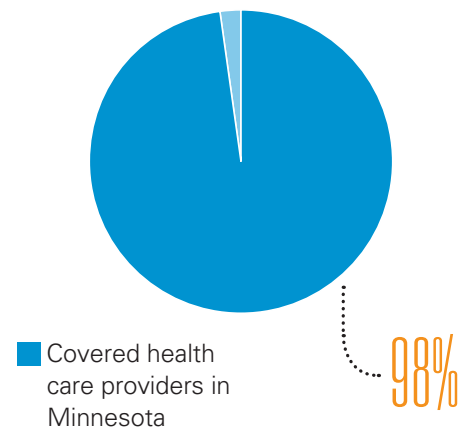

BlueAccessSM gives you the convenience of our largest network.

BlueAccess plans come with the Aware[®] network, which includes 100 percent of hospitals and 98 percent of doctors in Minnesota. Some BlueAccess plans also let you add a health savings account (HSA). HSAs help you save tax-free money, earn interest on that money and use it to pay for medical expenses.

BlueAccess may be a good fit for you if:

- You value convenience
- You want the largest network of doctors and hospitals
- You want a health savings account
- You want upfront benefits before you meet your deductible, such as two free online doctor visits with OnlineCareAnywhereMN.com. (Available at no cost with plans that are not HSA-compliant.)
- You want health coverage that travels with you across the nation
